You can officially say you're part of the Ram Family, but there are still a few more steps to take before you're ready for the first day of class. Use this checklist as a guide to be sure that you're keeping up with the most important steps and check online for updates.

! GET STARTED WITH YOUR eID

You've created a lot of unique logins while applying to universities, but we have good news for you: this is the last one you'll need for a while. Your eID is needed to complete many of the enrollment tasks to the right, and it also will be your official login as a student at Colorado State. Follow the link below for instructions to create your eID unless you've already done so.
